

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

SIXTH BIENNIAL REPORT

OF THE

RAILROAD COMMISSIONER.

STATE OF WISCONSIN,
Office of Railroad Commissioner,
MADISON, WIS., December 6, 1894.

HON. GEORGE W. PECK,

Governor of Wisconsin:

The Railroad Commissioner, as required by law, herewith submits his report for the years ending June 30, 1893, and June 30, 1894, the same being the Sixth Biennial Report of the Railroad Commissioner.

The report is largely tabulated from returns made by the railway companies of the state to the railroad commissioner, and while not *complete* is in convenient form for reference. In a former report I called attention to chapter 526, laws 1889, of Wisconsin, which provides that reports shall be published at a cost not exceeding *twenty-five cents* per copy. This sum is insufficient and I would again respectfully suggest action by the next legislature which will enable the railroad commissioner to publish a *complete* report.

MILEAGE.

On the 30th of June, 1892, the railroad mileage of Wisconsin was 5,785.07 miles. On June 30th, 1894, the mileage reported

General Report.

was 6,003.68 miles, being an increase of 218.61 miles. New roads report as follows:

Drummond & Southwestern	9.25 miles.
Duluth & Winnipeg	1.02 miles.
Lake Superior Terminal & Transfer R'y Co.....	15.20 miles.
Minnesota & Wisconsin	26.00 miles.
Rice Lake, Dallas & Menomonie	7.52 miles.
Superior Belt Line & Terminal R'y Co	11.09 miles.
Ahnapee & Western	34.00 miles.
Winona Bridge R'y Co.....	.54 miles.
	104.62 miles.

Increased mileage reported:

Duluth, South Shore & Atlantic	41.23 miles.
Milwaukee & Northern	11.90 miles.
Milwaukee, Lake Shore & Western	21.16 miles.
Re-surveys, branches, spurs, etc	39.70 miles.
Total increase	218.61 miles.

CONSOLIDATION AND CHANGES.

On June 26, 1893, the Chicago, Milwaukee & St. Paul Railway company acquired by purchase and deed the Milwaukee & Northern railroad, which is now the Lake Superior division of that road.

On August 19, 1893, the Chicago & Northwestern Railway company acquired by purchase all the property and franchises of the Milwaukee, Lake Shore & Western Railway company, which is now known as the Ashland division of that road.

The Wisconsin Central lines were operated under lease by the Northern Pacific Railroad company from April 1, 1890, until August 15, 1893. From that date until midnight of September 26, 1893, the Wisconsin Central lines were in the hands of Messrs. Oakes, Payne and Rouse, receivers of the Northern Pacific Railroad company. On September 27, 1893, Messrs. H. F. Whitcomb and Howard Morris were appointed receivers

General Report.

of the Wisconsin Central railroad and Wisconsin Central company and are still operating these lines.

The Minnesota & Wisconsin Railroad company, twenty-six (26) miles of road between Emerald, St. Croix county, and Spring Valley, Pierce county, was placed in the hands of D. B. Dewey, receiver, on December 11, 1893.

The Kickapoo Valley & Northern Railway company, extending from Wauzeka to Soldiers Grove, Crawford county, thirty-four (34) miles, passed into the hands of E. A. Wadhams, receiver, on March 3, 1894, making a total mileage of 826.67 miles, with a capital stock and funded debt of about \$65,000,-000.00, in the hands of receivers.

STOCK AND DEBT.

On June 30, 1894, the capital stock and funded debt (inter-state roads proportional upon mileage basis) in Wisconsin was:

Capital stock.....	\$112,393,960 99
Funded debt.....	160,388,101 16
Unfunded debt.....	6,320,074 70
Total debt.....	<u>\$279,102,136 85</u>
Less cash and available cash assets.....	4,694,631 34
	<u><u>\$274,407,505 51</u></u>
Capital stock per mile.....	\$19,069 52
Bonded debt.....	27,212 66
Total of stock and debt per mile.....	<u>\$46,282 18</u>

DIVIDENDS.

On common stock.....	\$1,383,079 41
On preferred stock.....	1,307,955 14
	<u>\$2,691,034 58</u>

COST OF ROAD AND EQUIPMENT.

Cost on June 30, 1894.....	\$239,113,311 55
Cost per mile.....	40,320 27

General Report.

EARNINGS.

Passenger earnings.....	88,707,275 70
Freight earnings.....	19,246,083 02
Miscellaneous earnings.....	365,185 36
Total gross earnings.....	<u>\$28,318,544 08</u>

EXPENSES.

For maintenance of ways and structures.....	\$4,093,304 97
For maintenance of equipment.....	2,390,527 55
For conducting transportation.....	9,944,853 53
For general expenses.....	1,856,781 44
	<u>\$18,285,467 49</u>
	<u>=====</u>
Percentage of expense to earnings.....	.64.571
Net income.....	\$10,033,076 51

LICENSE FEE OR TAX.

A table showing amount of earnings and license received from the railway companies of the state for the past five years, is herewith appended:

1890 Earnings....	826,451,564 81	License rec'd....	81,008,559 04
1891 Earnings....	28,040,298 77	License rec'd....	1,140,046 64
1892 Earnings....	31,732,050 62	License rec'd....	1,220,674 88
1893 Earnings....	33,263,551 38	License rec'd....	1,373,950 47
1894 Earnings....	28,318,544 08	License rec'd....	1,295,999 13

The 1894 license is equivalent to a tax of \$216.00 per mile of road within Wisconsin.

The amount of license received from the Pullman and Wagner Sleeping Car companies for the five years last past (being *four per cent.* of the earnings of such cars within Wisconsin) is as follows:

FROM SLEEPING CAR COMPANIES.

1890.....	\$1,365 67
1891.....	894 32
1892.....	1,214 96
1893.....	1,193 04
1894.....	1,223 39

General Report.

For the information of the interested, I give herewith extracts from the laws governing taxation or the license fee of railroads and sleeping car companies within Wisconsin:

TAXATION OF RAILROAD COMPANIES.

SECTION 1211. Every railroad company, and every person operating a railroad in this state, except railroads operated by horse-power, shall, on or before the tenth day of February in each year, make and return to the state treasurer, in such form and upon such blanks as shall be furnished by him, a true statement of the gross earnings of their respective roads for the preceding calendar year, of the number of miles of road operated by each such company or person, and the gross earnings per mile per annum during such year, which statement shall be verified by the oath of the secretary and treasurer of such companies, or of the person so operating such railroad.

9 Wis., 431; 11 Wis., 35; 15 Wis., 554; 16 Wis., 1.

SECTION 1212. Each such railroad company and each person so operating any railroad shall, on returning such statement, apply for a license to operate the railroad mentioned in such statement, and shall pay the license fee therefor provided in the next section; and thereupon shall receive from the state treasurer a license to operate such railroad for the calendar year commencing on the first day of January preceding, and terminating on the next succeeding thirty-first day of December, unless sooner revoked.

SECTION 1213. The annual license fees for the operation of such railroads shall be as follows:

1. Four per centum of the gross earnings of all railroads, except those operated on pile and pontoon, or pontoon bridges, whose gross earnings equal or exceed three thousand dollars per mile per annum of operated railroad.
2. Five dollars per mile of operated railroad of all railroads whose gross earnings exceed one thousand five hundred dollars per mile per annum, and are less than three thousand dollars per mile per annum of operated road, and in addition two per centum of their gross earnings in excess of fifteen hundred dollars per mile per annum.
3. Five dollars per mile of operated road by all companies whose gross earnings are less than fifteen hundred dollars per mile per annum.
4. Two per centum of the gross earnings of all railroads which are

General Report.

operated upon pile or pontoon, or pontoon bridges, which gross earnings shall be returned as to such parts thereof as are within the state.

One-half of such license fee shall be paid at the time the license so issued, and one-half on or before the tenth day of August in each year.

FORFEITURE FOR NEGLECT TO OBTAIN LICENSE AND PAY FEE.

SECTION 1214. If any such railroad company, or person operating any such railroad in this state, shall neglect to obtain such license, or pay the license fee therefor, or any part thereof, as hereinbefore provided, such company or person shall absolutely forfeit to the state the sum of ten thousand dollars, to be recovered in an action brought in the name of the state; and such neglect shall also be a cause of forfeiture of all the rights, privileges and franchises, whether granted by special charter or obtained under general laws by or under which any such railroad is operated. And the attorney-general, upon such neglect, shall collect by action the pecuniary forfeiture herein imposed, and also proceed to have forfeiture of such rights, privileges and franchises duly declared. Any such company or person, at any time before the final judgment of forfeiture of such rights, privileges and franchises is rendered, may be permitted to make the return and pay the license fee herein provided for, upon special application to the court in which the action to declare such forfeiture is pending, upon such terms as the court shall direct.

SECTION 1795. The railroad commissioner shall, on or before the tenth day of February in each year, ascertain and return to the state treasurer the following:

1. The actual cost of each railroad in the state up to and including the thirty-first day of the next preceding December; and if such railroads shall be partly in and partly out of this state, then the actual cost of so much thereof as is in this state.
2. The total gross receipts resulting from the operation of every such railroad during the next preceding year, ending on the thirty-first day of December, or of that part of the same which is in this state.
3. The total net earnings resulting from the operation of any such railroad during the next preceding year, ending on the thirty-first day of December, or of that part of the same which is in this state.
4. The total interest bearing indebtedness of the corporation owning or operating such railroad, and the amount of interest paid by such corporation during the next preceding year, ending on the thirty-first day of December; and if any part of such indebtedness has been in-

General Report.

curred in consequence of the construction, maintenance, repair, renewal or operation of any part of such railroad which is not in this state, or for equipment of such part, such railroad commissioner shall ascertain and determine, in such manner as he shall think just and equitable, how much of its indebtedness is justly chargeable to that part of said railroad that is in this state, and how much interest shall have been paid by such corporation, during such year ending on the thirty-first day of the next preceding December, on that part of such indebtedness which is justly chargeable to that part of said railroad that is in this state. The president or managing officer of every railroad corporation, and every other person operating any railroad in this state, shall annually, in the month of January, make such reports and returns to such commissioner, verified by the oath of such officer or person, as shall afford the information aforesaid, and as he shall require, and at other times prescribed by him, such other reports and returns, verified as aforesaid, concerning such railroads, their business affairs and management, as he shall require; and for such purpose he may prescribe blank forms, which shall be provided by the secretary of state. Every railroad corporation, company or person operating a railroad, who shall fail to make any such report within the time prescribed therefor, shall forfeit one hundred dollars for each and every day the same shall be delayed.

TAXATION OF SLEEPING CAR COMPANIES.

SECTION 1222 b. (Ch. 353, laws 1883.) No owners, whether corporate or otherwise, of palace cars, drawing room cars or sleeping cars, except railway companies operating railways within this state, shall have a right to use or charge or collect fare or compensation for the use of any such car within this state until such owner shall have procured from the state treasurer a license to use such cars within this state as hereinafter provided.

2. Every such owner of the cars mentioned in section 1, except railway companies as aforesaid, shall, on or before the tenth day of February in each year, make and return to the railroad commissioner a true statement of the gross earnings made by the use of such cars, between points within the state of Wisconsin, during the preceding calendar year; which statement shall be verified by such owner or by some officer or agent having official knowledge of the facts.

3. Every such owner shall on returning the statement provided for by section 2, of this act, apply to the state treasurer for a license to use the said cars upon the railroads operated in this state, and to charge and collect fares or compensation for the use thereof, and shall pay to

General Report.

the state treasurer for such license, the fee provided in the next section, and upon such payment the state treasurer shall issue to such owner a license to use such cars, and charge fare or compensation for such uses as aforesaid.

4. (As amended by ch. 415, laws 1885.) The annual license fee to be paid by such owner, as aforesaid, shall be four (4) per centum of the earnings reported, as required by section 2, hereof; the amount of such license fee to be computed by the railroad commissioner, and by him certified to the state treasurer.

5. The report required by section 2, hereof, shall be in such form and shall embrace such details as shall be prescribed by the railroad commissioner.

6. The said license fee shall be paid one-half at the time such license is applied for, and one-half on or before the tenth day of August, in each year; and if any such owner shall neglect or refuse to make any report required by this act, and to pay for such license, then such owner shall, so long as such neglect or refusal shall continue, have no right to use said cars as aforesaid, in this state, and charge and collect fare or compensation for such use, and any such use by any such owner, in violation of the provisions of this act, may be restrained by injunction at the suit of the attorney-general, in any court of competent jurisdiction.

ACCIDENTS.

For year ending June 30, 1893, the following is a summary of accidents reported. A detailed statement will be found in its proper place upon the pages of this report:

<i>Accidents.</i>	<i>Killed.</i>	<i>Injured.</i>
Passengers.....	9	30
Employees.....	71	368
Trespassers.....	97	40
Not trespassing.....	10	25
Total....	189	463
	==	==

For year ending June 30, 1894:

<i>Accidents.</i>	<i>Killed.</i>	<i>Injured.</i>
Passengers.....	4	28
Employees.....	38	177
Trespassers.....	60	55
Not trespassing.....	14	21
Total.....	116	281
	==	==

General Report.

A newspaper writer has stated that an attempt is to be made by certain railways to secure from congress the repeal of the so-called "car coupler law," which became effective March 2, 1893. This measure was designed to mitigate the wanton and wholesale sacrifice of the lives of employees on the iron roads of the country. It requires that by July, 1898, all freight trains shall be equipped with automatic couplers and train brakes, and all locomotives with wheel brakes. They are not likely to succeed, because it is a fact well recognized that 50 per cent. of the deaths and 70 per cent. of the non-fatal hurts suffered by railway employees are due to the lack of automatic train brakes and automatic couplers. What an enormous number of avoidable casualties is thus represented may be judged when it is stated that every year on the railroads of the United States 25,000 workers engaged in the business of transportation are killed and 25,000 are injured. In a recent year more railway employees were killed in this country than *three times* the number of Union men slain at the battles of Lookout Mountain, Missionary Ridge and Orchard Knob combined. The number injured was greater than the wounded and missing at Shiloh, Antietam, and first and second Bull Run combined. The facts of the case are rendered impressive when it is said that more faithful workers on the railways of the United States went down in sudden death during 1892 than the entire number of Union men who died in the battle of the Wilderness, and nearly as many as perished at Spottsylvania. In the bloody Crimean war the British lost 21,000 in killed and wounded—not as many as are slain, maimed and mangled among the railroad men of this country in a single year. At the battle of Sedan, which sealed the fate of the second empire, the loss on both sides in killed and wounded was a trifle more than the killed and wounded among our train men last year. At Gravelotte, where the loss was heaviest in the Franco-Prussian war, the Germans lost 20,577 men. Wellington won Waterloo and Meade Gettysburg with a loss of

General Report.

23,185 and 23,003, respectively, and the total loss on both sides at Shiloh in the two days' murderous fight did not reach 24,000.

The railways, in trying to mitigate this condition of affairs, adopted so many different types of couplers that the number of casualties was actually increased thereby. When the various roads used fifty or more distinct devices for this purpose, the workmen were pretty sure to be killed or injured in a short period. The average life of a switchman in a freight yard is now reckoned at seven years. Under the "car coupler law" the cars on most railways are being equipped with a uniform type of coupler which, while not perfect, is approved by railway men. By July, 1898, all freight trains must be thus equipped, as well as with automatic train brakes and driving wheel brakes for the locomotives. Practically all passenger trains are already provided with these appliances.

COMPLAINTS.

During the past two years few complaints have been made to this department. None of them have been in regard to discriminations or extortions. Farm crossings, water-ways along the right of way, stock killed and injured, are the most numerous subjects of complaint. All the complaints have received the immediate consideration of this department and of the railroad companies, and in all instances have been amicably adjusted without the interference of the law department of the state.

Four years' experience demonstrates that the railroad commissioner, as an arbitrator, is the most satisfactory way of adjustment of most of the complaints coming to this office.

INSPECTION OF ROADS AND THEIR CONDITION.

Notwithstanding the reduction of expenses in all departments of the railway service, the fact has evidently been recognized by the railway managers that the physical condition of the

General Report.

roads must be kept to the standard to enable trains to make the rapid time required by the traveling public. The great through routes between Chicago and the northwest make as fast time, with passengers and freight, as is made upon other great thoroughfares. The Green Bay, Winona & St. Paul Railway company have greatly improved their roadway and rolling stock and are becoming competitors for through traffic.

PAYMENT OF LICENSE FEE OR TAX.

Sections 1211 and 1212, chapter 87, laws of Wisconsin, provides that each railroad company operating a road within the state shall, on or before the tenth day of February, in each year, make and return to the state treasurer a true statement of the gross earnings of their respective roads for the preceding calendar year, etc., etc., and that each of such railroad companies, and each person so operating any railroad, shall, on returning such statement, apply for a license to operate the railroad mentioned in such statement, etc., etc.

The *fiscal* year of nearly all the railroads in the state ends on June 30, and I would again suggest an amendment to the present law that license or tax be hereafter payable in September and March of each year, instead of February and August.

CONCLUSION.

As on a former occasion, I desire to acknowledge my appreciation of the promptness of the auditors of the different railway companies, and to the officers of the roads, for immediate attention to all complaints and to the courtesy extended by them to this department.

If my successor shall keep within the same lines that has marked the course of this commission for years, his administration of the affairs of the office will be beneficial, not only to the public and patrons of the railroads, but to the railroads themselves.

Respectfully submitted,

THOMAS THOMPSON,

Railroad Commissioner.
